*The numbers above are effective January 17, 2020. New limits will be released in early 2021. Qualifying for FAMIS depends on household income and family size. For family size, count the number of people included on your federal taxes. If you don't file taxes, count how many children and stepchildren under age 19 live in your home. Add yourself if you are the mother, father or stepparent of the children. Then add your husband or wife.
